

CORK BRICKS™

3D

Tile Dimension (L x W x T)	Size #1: 100*100*14mm (~4" x 4"x 0.55") Size #2: 200*100*11mm (~8" x 4"x 0.43") Size #3: 300*100*7mm (~12" x 4"x 0.28")
Coverage per box	5.81 sq.ft. (9 tiles of each size)
Packaging per box	9 tiles of each size
Weight per tile	6 lbs.

BEVELED

Tile Dimension (L x W x T)	230*70*7mm (~9" x 4"x 0.55")
Tile Depth	(~5/16")
Coverage per box	0.17 sq.ft.
Packaging per box	62 tiles
Weight per tile	0.12 lbs.

GRANDE

Tile Dimension (L x W x T)	Size #1: 100*100*14mm (~4" x 4"x 0.55") Size #2: 200*100*11mm (~8" x 4"x 0.43") Size #3: 200*200*7mm (~8" x 8"x 0.28") Size #4: 300*200*4mm (~12" x 8"x 0.16")
Coverage per box	11.19 sq.ft. (8 tiles of each size)
Packaging per box	8 tiles of each size
Weight per tile	6.6 lbs.

Product Overview

A textured, three-dimensional wall product made from 100% recycled natural cork bark. **Cork Bricks™** provide dimension to the surface they are applied, are tack-able and provide sound-absorption. They are coated using a proprietary 'immersion' finishing system that applies color inside the inherent void edges. **3D** come in 3 sizes, each with a different thickness. **BEVELED** come in a single size and are designed to look like traditional clay bricks with an eased/beveled edge. **GRANDE** are like the '3D' version but instead are larger in format and come in packages of 4 nested sizes, each with a different thickness.

Specifications

Description: Three-dimensional wall treatment made from recycled cork bark and 100% post-industrial cycled cork granules, and are finished via a proprietary 'immersion' coating system.

Pattern (select one): 3D, Beveled, Grande

Color (select one): Natural, Ivory, Brown, Terracota, Green, Grey, Black, Brown Silver, Black Silver, Brown Gold

Composition: 100% recycled cork

Fire-rating: Class "C" (Note: considered Class "B" in 'sprinkled' assemblies)

NRC: 0.10

Installation: Direct applied with Wakol Loba D3540 (water-based contact cement)

Colors

Sustainable Attributes

- Made from rapidly renewable cork (harvested without harm to tree on 9-year cycle)
- Recycled content:
 - made from 100% industrial by-product cork
- Carbon neutral product
- Zero-carbon manufacturing
- Low-VOC and CDPH compliant
- High-touch handmade product
- Sustainable supply chain and anti-modern slavery

Environmental Certification

- HPD (Health Product Declaration) – Portico:2016
- Fire Test compliance – ASTM E84-15a/21
- VOC compliance – EN ISO/IEC 17025

Installation adhesive certifications (with recommended: Wakol Loba D3540)

- Floor Score certification
- EC1 Certification
- Bay Area Air District compliance (BBAQMD – Regulation 8, Rule 51)
- South Coast Air Quality Management District compliance (SCAQMD– Rule 1168)

Green Building Certification

Sustainable Materials products meet criteria for WELL, LEED, Green Star, and BREEAM building rating systems, helping you achieve certification for your project. For support and guidance on available rating system points please visit www.SustainableMaterials.com, or speak with your Sustainable Materials account manager.

Product Testing Specifications

Fire-rating: Class C (per ASTM – E84); (Note: in 'sprinkled' assemblies, per NFPA 2015, these equate to a Class "B").

Thermal Conductivity: 0.0541 W/mC

Dimensional Stability: $\leq 0.4 \%$ (per EN 434)

Sound Absorption: NRC = 0.10 (EN ISO 12667-2001)

Thermal Resistance: 0.46 m²C/W

Pattern repeat: No pattern repeat (non-woven).
